SOFTWARE ENGINEER

A dedicated and results driven Software Engineer with 3 years of experience in designing, developing, and maintaining scalable software solutions. Proficient in multiple programming languages and frameworks with a strong background in Java, WordPress CMS, Dart, and C++ software programming, and a keen eye for detail, I thrive in a fast-paced environments where I can leverage my expertise in full-stack development, agile methodologies, and problem-solving skills to drive projects from conception to deployment. My commitment to staying abreast of emerging technologies allows me to deliver cutting-edge solutions that exceed client expectations while adhering to best practices in software engineering.

KEY COMPETENCIES

- Attention to detail
- Diligent
- Teamwork and collaboration
- Communication Skills
- Problem-solving skills
- Technical Skills
- Customer service orientation
- Creativity and innovation
- Time management

PROFESSIONAL EXPERIENCE

Universal Basic Education commission UBEC.
IT Support - Abuja, Nigeria.

June 2021 - **May 2022**

- Install and maintain computer systems including software and hardware on desktops and laptops.
- Configuring network cables, printers and scanners.
- Providing support in diagnosing hardware and software issues and troubleshooting activities.
- Handling IT-related documentation and making sure that all IT supplies are available.
- Respond to user inquiries and technical issues.
- Participate in the planning and execution of IT projects under the guidance of senior team members.

Front End web developer   **July 2022- August 2023.**
Blueinc Technology Services - Abuja, Nigeria.

- I am responsible for conceptualizing, designing, and implementing innovative and visually appealing website layouts and user interfaces that align with client requirements and brand identities.
- I utilize a variety of programming languages (HTML, CSS and JavaScript) frameworks, and design tools (Photoshop and Adobe Illustrator) to ensure seamless functionality, optimal user experience, and responsive design across diverse devices and platforms.
- I architect and document new processes, workflows and state machines bringing my teammates up to speed with new in-house solutions and new features
- I constantly implement and deploy services for designated domains while maintaining a test-driven development process

Software Engineer ⎮ 6 months [Internship)   **June 2022-November 2022**
WOCA Tech Solutions - Abuja, Nigeria.
- Engaged in architectural processes to deliver scalable and durable solutions implemented using Flutter framework
- I built, deployed and maintained mobile applications across the Android and iOS platforms tailoring targeted behaviors per platform using clean architecture.
- Worked with team members in interactive processes to deliver quality software in the shortest time possible.

- I design and develop user-centric mobile applications using the Flutter framework.
- I collaborate closely with cross-functional teams which consist of product managers, product designers, and backend developers to translate project requirements into technical solutions, architecting efficient and maintainable code structures, integrate RESTful APIs and third-party libraries to enhance app functionality, conduct thorough testing and debug to ensure high-quality and bug-free software.
- I actively participate in code reviews and provide constructive feedback to peers, actively seeking opportunities to optimize app performance and user experience, and contributing to the continuous improvement of development processes and best practices within the team

EDUCATION & CERTIFICATIONS

CRAWFORD UNIVERSITY - Ogun State, Nigeria.

Bachelor Degree in Computer Science. (4 years)   2016-2020

CENTENNIAL COLLEGE- 941 Progress, Toronto   2024-present

Advanced Diploma in Software Engineering Technology (2 Years)

APTECH   2021

Basic and Advanced JAVA

CISCO   2020

Introduction to cybersecurity

UDACITY   2020

Data Structure and Algorithm

COMPUTER SKILLS

Adobe Photoshop, Adobe Illustrator, Canva Design, Microsoft Word, Microsoft Excel, Power point, Outlook, Visual Studio, Slack, Microsoft teams, MySQL.
